PRICE 2 CENTS

A Woman's Back

Has many aches and pains caused by weakness and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable draughts from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cure. It is the most potent invigorating tonic and strengthening nerve known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy or know your composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by Dr. Pierce over forty years ago, much imitated but never equalled. Little sugar-coated granules—easy to take as candy.

CONGRESSMEN AND GIFTS.

As was stated in the Gazette's report of the proceedings of the House of Representatives yesterday Mr. Randall presented a resolution asking the speaker to appoint a committee to consider bills prohibiting members of Congress and court officers from accepting gifts or employment from corporations, trusts or persons interested in legislation. The resolution was voted down.

Openly charging that "the Congress and the courts" had received and were receiving valuable gifts, employment or compensation from public service corporations, trusts and persons engaged in interstate commerce or having an interest in legislation, Mr. Randall declared that the opponents of such legislation had not only succeeded in preventing the passage of a law of the character his resolution called for, but even suppressed discussion of such measures on the floor of the House. "Looking the facts squarely in the face," he said, "the conclusion forced upon one causes a blush to mantle the cheek of every patriot and self-respecting man." It was, he contended, "a pitiable but incontrovertible fact" that the disinterested and faithful servants of the people are helpless "in the present contest against the organized plunderers of the nation's wealth."

He declared that the beneficiaries of special interests, entrenched in power and firmly combined with the dominant political party, openly derided the American people and brutally demanded the pound of flesh. Should the committee be appointed, he said, there could be passed a law that would "sever the connection of the servants of the people from the interests that now control us."

Never until officers, agents, representatives and attorneys of parties interested in legislation are forced to cease such employment or are driven from the halls of Congress could a tariff bill be passed or legislation enacted "consistent with the rights, the honor and the great name of the American people."

NEW FRENCH CABINET.

Aristide Briand succeeded in forming a new French ministry and officially announced the success of his endeavors to President Fallieres at 10 o'clock last night.

The post of undersecretary of posts and telegraphs, which was held by M. Simyan, whose resignation was demanded during the recent strike of postmen and telegraphers by the socialists, will be suppressed. An undersecretaryship of finance will be created.

A ministerial declaration which was formulated and unanimously accepted by the members of the new cabinet contains an important statement, indicating that the cabinet is committed to an attempt to end the war between labor and capital which has disturbed France for so many years. An official note says this declaration, after quoting the famous remark of M. Waldeck-Rousseau, "capital must work and labor possess," insists upon the necessity of an alliance between labor and capital and the avoidance of every cause of conflict; that the members of the cabinet, regardless of their political affiliations, resolve, with the aid of parliament, to ameliorate the moral and material well-being of the workers as far as in their power lies, but that the accomplishment of this end will depend upon the support of the workers themselves; that the latter must give security to capital, or otherwise undertakings will be abandoned and the economic developments of the country arrested.

IMMIGRANTS ROBBED.

When Erie train No. 47, known as the Southern Tier Limited, leaving Jersey City at 12:20 a. m., arrived in Middletown, N. Y., at 2:30 o'clock yesterday morning, the trainmen reported a daring hold-up on board the train between Jersey City and Paterson.

When the train left Jersey City there were attached to it two cars partly filled with immigrants bound for the far west. According to the stories told by the immigrants, two men entered the first car shortly after the train had come out of the Bergen tunnel. One of the men stood with his back to the door of the car and held a revolver pointed down the car while the other man called out for the immigrants to hold up their hands or be shot.

The immigrants unable to speak English, and in a strange land, apparently thought that this sort of thing was customary, for they made no effort to resist, but handed out their valuables as the hold-up men walked down the aisles. After securing considerable money, watches, and other valuables, the two hold-up men left the car as the train was slowing up for Paterson.

After the train had left Paterson the immigrants succeeded in making the conductor and trainmen understand what had taken place. They were very much excited, and those who had been robbed wept piteously.

WHICH IS THE SAFER LEADER?

Who, reader do you think is the safer guide for the temperance people to follow, Dr. Pitt, the able editor of the Religious Herald, or Senator John A. Lesner, the president of the Liquor Dealers Association? The former is earnestly supporting Mr. Tucker, whilst the latter is working strenuously for Judge Mann. [Northern Neck News.]

SHOT BY A BURGLAR.

James Spruitt, of Little, near Wilkesbarre, Pa., was awakened about 2 o'clock yesterday morning by a noise in his bed room and springing up, found a burglar. He grappled with the thief and being a powerful man was rapidly getting the better of him. The two fell to the floor together, and as they did so the burglar pressed his revolver against Spruitt's left side and fired. Mrs. Spruitt, who had jumped from the bed with her husband and screamed for help, rushed to the men and struggled, sprang for the burglar as he rose after shooting her husband, but he shook her off and rolled down the steps and away. She was taken to a hospital unconscious. He is still alive, but is not expected to recover.
